Meeting called to order at 7:00 by Jody Brooks

- 1) Parent and Player Feedback Forms were discussed with Jason Fortuna. In general the player surveys were positive. Only 10 players filled out the survey so not a lot of information was provided.

25 parents filled out the survey. In general, the results were positive. Any issues that seemed to be reoccurring were discussed. This included the role of the college players in the program, the number of players on each team, and the problems caused in the U-16 schedule because of the league folding.

- 2) Further discussion of the addition of the 4th team. It is recommended by the board that the following issues be considered as we proceed with the possibility of adding a team:
 - Scheduling of fields for games. (perhaps the use of an alternative field)
 - How will teams be formed and organized?
 - Will there be enough pitchers for another team?
 - Hiring of coaching candidates. We have had limited numbers of candidates in the past.
 - What number of kids do we need?
 - A date should be set as to when a final decision should be made as to whether we are ready to proceed with another team.
- 3) Election of Board Officers was tabled until the future of the Board is decided. The Board will meet with the Booster Club Officers and Coaching Staff after the Booster Club Meeting on Wed, Nov. 16th as to discuss potential changes to the structure of the Board.

Adjourned @ 8:10.
